# Criteria

| Points | Amenity | Standards |
|---|---|---|
| 3 | Utilization of a renewable energy source | Use of a photovoltaic or solar thermal system for at least 50 percent of the annual energy demand in new and existing buildings. The applicant must demonstrate that the quantity of energy generated by the renewable energy system meets the required percentage through a whole building energy simulation. |
| 3 | Community Garden | Permanent and viable growing space in the form of a garden, which provides fencing, watering systems, soil, secured storage spaces for tools, solar access, and pedestrian access as applicable. The facility shall be designed to be architecturally compatible with the development to minimize the visibility of mechanical equipment. |
| 3 | Public recreation area | An active, safe, and secure outdoor recreation area open and visible to the public that includes equipment or natural features suitable for recreational use. |

City of Stuart

# Criteria

| Points | Amenity | Standards |
|---|---|---|
| 3 | Public plaza | Plazas shall be open to the public during daylight hours and provide opportunities for the public to interact with the space using outdoor furniture, art, or other mechanisms. |
| 3 | Public Eco Art | The art shall be maintained in good order for the life of the principal structure. The art shall be located where it is highly visible to the public. (in addition to any required CRA art contribution). |
| 3 | Creation or preservation of significant/historic architecture | Creation, preservation, rehabilitation, or restoration of historic buildings or significant architectural features as a part of the development. |
| 2 | Enhanced bicycle and pedestrian facilities | Eligible facilities may include a combination of the following: wayfinding signs, shaded walkway and other amenities that increase the convenience and encourage the use of public walkways and bikeways beyond what is otherwise required. |

City of Stuart

# Criteria

| Points | Amenity | Standards |
|---|---|---|
| 2 | Enhanced Multi modal bus facilities | Eligible facilities may include the following: transit shelter and seating area and other amenities that increase the convenience and encourage the use of public transportation systems beyond what is otherwise required. |
| 2 | Electric Vehicle Charging | Install a minimum of two level 2 electric vehicle (EV) charging stations accessible to residents, visitors and/or employees. |
| 1 | Water feature publicly usable | A water feature, including but not limited to, a reflecting pond, a children's play feature, or a fountain located where it is highly visible and accessible to the public. |
| 1 | Shared vehicle or bicycle facilities | Accommodation for shared vehicles or shared bicycles on site. The shared service provider must be committed in writing to the use of the space in order to be eligible. |
