MEMORANDUM

TO: City of Stuart Community Redevelopment Agency Board
FR: Nancy K. Turrell, Executive Director
RE: TC3
DT: July 2, 2020

Per our agreement, the proposal for the TC3 project has been reviewed.

In the opinion of our reviewers, the proposed sculpture by Timothy Schmalz meets the majority of requirements noted in the City of Stuart's public art guidelines. The application did not include a site map so this recommendation does not address the placement on the campus for visibility by the public, although I did have a conversation with Michael Houston which helped my understanding of that element.

For interaction with individuals, the scale as evidenced by photos is appropriate. This sculpture does not address the natural diversity of our environment, but does fit with the use of the site.

Although the artist is not known to us locally, the information enclosed with the application demonstrations his artistry and breadth of experience. The work proposed is a part of an on-going series and theme explored by the artist. As confirmed by the artists' team, this sculpture is part of a series and is number 16 of a possible 50 bronzes to be created. This also fits within the City's guidelines.

Supported in part by State of Florida-Division of Cultural Affairs, The National Endowment for the Arts, Martin County Board of County Commissioners, City of Stuart & private contributions.
