Existing Zoning

R-1: Single Family-General

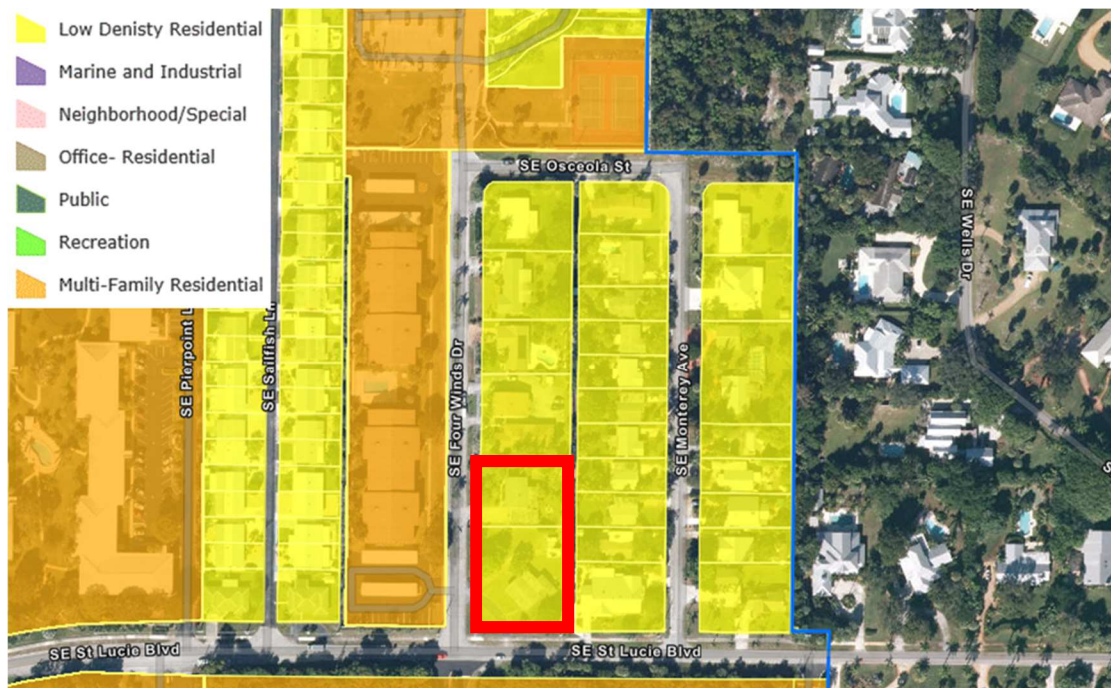

Proposed Zoning

R-2: Single Family/Duplex

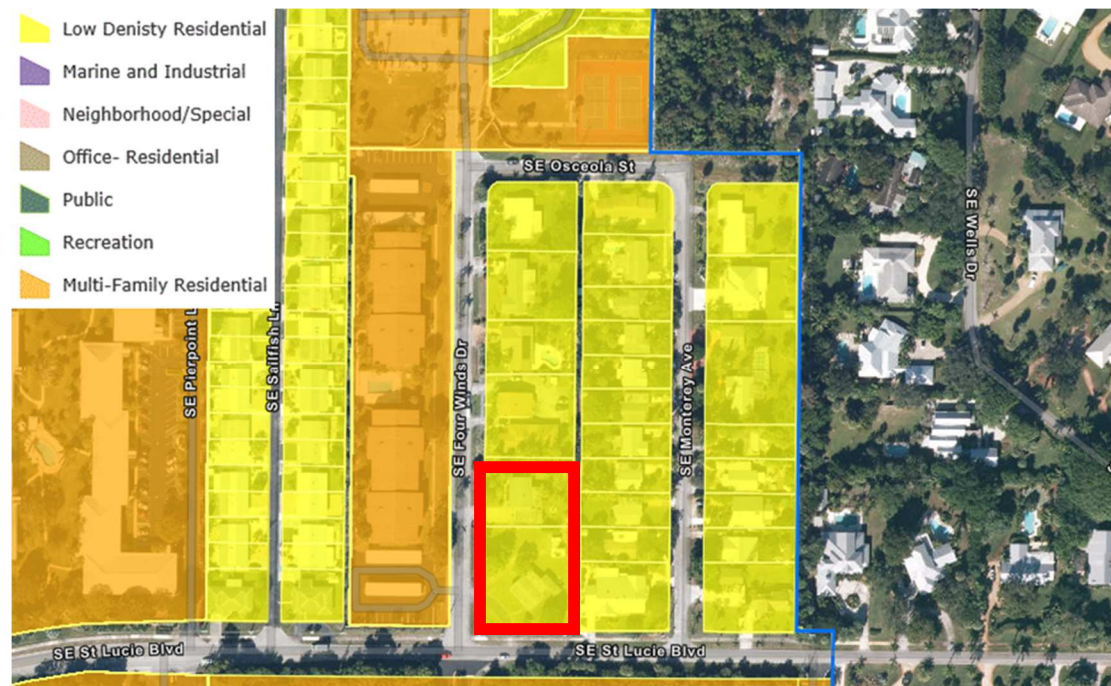

Existing Future Land Use

Low Density Residential

Proposed Future Land Use

Low Density Residential

D. Determination of compliance with Comp Plan

The proposed rezoning to R-2 is in compliance with the underlying future land use of **Low Density Residential**.

Policy A7.1. The City of Stuart has designated the following land use categories and allowed uses for all land within the City of Stuart:

- A. Low Density Residential: One or two dwelling units per building. Includes single family detached, duplex, townhomes, patio homes, garden homes, foster homes, adult congregate living facilities of four or fewer unrelated residents, and zero-lot-line residences. Also, public facilities, churches, day care centers, schools and electric distribution substations are allowed.

Policy B3.2. All development shall be compatible with and complementary to surrounding land uses and shall not unduly affect existing approved activities.

E. Review Comments

1. Zoning and Site Design

The proposal to rezone from the R-1 district to the R-2 district, is in compliance with the existing future land use of Low Density Residential. The underlying plat and lots dimensions will allow the individual lots to be developed within the lot area, lot width and setback requirements of the R-2 zoning district.

2. Architectural Design

The applicant has supplied conceptual architectural designs and site layout dimensions that are in compliance with the R-2 zoning district.

3. Engineering – Drainage/Stormwater

The development of the individual single-family lots or two-family lots will be subject to the City's Land Development Code relating to stormwater design and treatment relating to infill residential.

4. Environmental and Landscaping

The future development of the individual single-family lots or two-family lots will be subject to the City's Land Development Code site planning requirements relating to environmental and landscaping in respect of development within the R-2 zoning district.

5. Traffic and Transportation

The traffic impact from the proposed re-zoning to facilitate five R-2 single-family or three two-family lots has been analyzed and has a de-minimis impact.

6. Public Works

N/A

7. School District

Rezoning to allow the development of five single-family residential lots or three two-family lots is determined to be de-minimis. The development of each lot will be subject to School District impact fee.
