Terry, do you need anything further from Stuart Main Street regarding the motion of support passed in September for the Martin Health System Master Plan?

"In light of the economic impact and benefit to Downtown Stuart and the community, Stuart Main Street supports the Martin Health System Master Plan as recently presented to the Stuart City Commission. Further, it is the hope of Stuart Main Street that through the site plan development and approval process design improvements may be made that are beneficial to the Master Plan, both for the hospital and the citizens of Stuart."

Board motion passed unanimously with 13 of 14 board members responding.

Thank you,
- Thondra
