Submittal Requirements: A completed application form, the payment of fees, a site plan, one (1) copy of all documents on a PDF formatted disc electronically signed and sealed, and any other information as may be required by the City Development Director in order to do a thorough review of the request. (Note: A concept plan may, at the discretion of the applicant, be submitted instead of a site plan if a site plan has not previously been approved. However, in doing so the applicant acknowledges that a site plan will need to be submitted for City Commission approval prior to making application for a development permit.) *(The data requirements for a site plan and a concept plan are available at the Development Department)*

Approving Authority: The Development Director is required to prepare a staff report and recommendation concerning this application. For a Major PUD amendment, the Local Planning Agency (LPA) is required to hold an advertised public hearing and formulate a recommendation to the City Commission. For both types of applications, the City Commission is required to hold an advertised public hearing after which it may approve, approve with conditions, or deny the application.

Justification: Written justification supporting the application and demonstrating how the application remains: (a) consistent with the relevant components of the City of Stuart Comprehensive Plan including concurrency with adopted levels-of-service for utilities/facilities and compatibility with existing/planned uses and (b) complies with the relevant development standards of the City of Stuart Land Development Code.
