DESIGNATION OF PLANNED UNIT DEVELOPMENT (PUD)

2.00.00. GENERALLY

Sec. 2.00.01. Purpose.

The purpose of this chapter is to: (a) identify the implementing zoning districts for the future land use categories contained in the City's Comprehensive Plan; (b) establish development approval processes for specific uses and (c) identify measurable development standards (e.g. building height, setback, lot size, density).

Sec. 2.00.02. Exceptions and Additional Standards.

The Urban Code District, East Stuart District and S.E. Ocean Boulevard Overlay Zone are established by the City of Stuart based on the need for special protective measures, additional design standards, and redevelopment incentives in those areas. Due to the special nature of these areas, the uses and development standards allowed are described in Chapter 3 of this Land Development Code. The additional design standards described in Chapter 3 of this code will be applied in the case of any proposed planned unit development (PUD) within these areas or within the defined Community Redevelopment Area (CRA).

2.02.00. USES ALLOWED IN ZONING DISTRICTS

Sec. 2.02.01. Generally.

It is the purpose of this section to identify the uses allowed in each zoning district (~~See~~ *Table 2 – Residential* *uses,* ~~*and PUDs (Planned Unit Development) Districts Uses; Table 3 –*~~ *Business* *uses* *and* ~~*PUD Districts Uses; and Table 4 –*~~ *Public Service, Industrial, Agriculture, Hospital and PUD Districts* *u*~~*U*~~*ses*).

A. Consideration of uses not specifically listed. If a use is not listed within a specific zoning district, then the use is not allowed. However, a proposed use that is not listed within a particular zoning district, but which is determined by the city development director to have a character, similar nature, and impact to a permitted use in that district, the city development director may make a determination of comparability to the applicant. Conditions may be placed on the decision. A determination by city development director that a proposed use is not similar to a permitted use may be appealed according to procedures in Chapter VIII.

In making such finding, the city development director may assess all relevant characteristics of the proposed use, including but not limited to the following, as applicable:

a. The typical volume and type of sales (retail or wholesale); size and type of items sold; and nature of inventory on the premises;
b. Any processing done on the premises, including assembly, manufacturing, warehousing, shipping, distribution; and any dangerous, hazardous, toxic, or explosive materials used in the processing;
c. The nature and location of storage and outdoor display of merchandise; whether storage is enclosed, open, inside, or outside the principal building; and predominant types of items stored (such as business vehicles, work-in-process, inventory, and merchandise, construction materials, scrap and junk, and raw materials including liquids and powders hazardous or not);
d. The type, size, and typical massing of buildings and structures associated with the unlisted use;
e. Transportation requirements, including the modal split for people and freight, by volume type and characteristics of traffic generation to and from the site; trip purposes and whether trip purposes can be shared by other uses on the site;
f. Parking requirements, turnover and generation, ratio of the number of spaces required per unit area or activity, and the potential for shared parking with other uses;
g. The amount and nature of any external effects generated on the premises, including but not limited to noise, smoke, odor, glare, vibration, radiation and fumes;

h. Any special public utility requirements for serving the proposed use, including but not limited to water supply, waste water, pre-treatment of wastes and emissions required or recommended, and any significant power structures and communications towers or facilities; and

i. The type and extent of impacts on adjacent properties created by the proposed use in comparison to impacts from other uses allowed in the zoning district.

2.03.00. DENSITY

Sec. 2.03.01. Generally.

Except as expressly provided herein, the densities for all zoning districts are set forth in *Table 3 – Maximum Dwelling Units per Acre* and percentages of residential and non-residential uses and Floor Area Ratio (FAR) for all zoning districts are set forth in *Table 4 – Intensity of Development: Lot Area and Floor Area Ratio (FAR)*.

Sec. 2.03.02. Density.

A. The residential density for R-3, R-M, and B-1 of up to ten dwelling units per acre shall not be applicable to existing PUD zoning districts nor to those created hereafter.

B. Nothing in this section shall prevent a land owner from requesting a change of zone from a multi-family zone to RPUD. In such an event, however, the densities set forth in *Table 3 – Maximum Dwelling Units per Acre* for an RPUD must be followed. Such lands as may be used in creating such density calculations, shall not be used in any other calculation at any time, and a unity of title declaration shall be required to be recorded in the public records of Martin County, Florida.

Sec. 2.03.03. Planned Unit Development (PUD) density.

The density for a planned unit development shall not exceed those densities set forth in *Table 3b – Maximum Dwelling Units per Acre for Planned Unit Developments (PUD)*, ~~unless a density bonus has been~~ such density will only be granted by the city commission as part of a planned unit development zoning agreement.

Sec. 2.03.04. ALF density.

The residential density for an ALF is set forth in *Table 3 – Maximum Dwelling Units per Acre* for each respective zoning district. This density does not include adult care facilities. They will be governed by the residential district density in which they are located.

Sec. 2.03.05 Maximum dwelling units per acre table

The following *Table 3a – Maximum Dwelling Units per Acre* reflects the potential maximum dwelling units per acre for each zoning district.

Sec. 2.03.06 Intensity of development: Lot area and Floor Area Ratio (FAR) table

The following *Table 4 – Intensity of Development: Lot Area and Floor Area Ratio (FAR)* reflects the percentages of residential and/or non-residential uses allowed on a lot and a ratio of the floor area of a building to the area of the lot in the future land use categories.

2.07.00 DESIGNATION OF PLANNED UNIT DEVELOPMENT (PUD)

A. *Purpose.* The purpose of this section 2.07.00 is to provide an alternative means of residential, commercial, public service and industrial land development and an alternative zoning procedure that may be used to establish residential, commercial, public service and industrial planned unit development zoning districts at appropriate locations and in accordance with the planning and development objectives of the city.

A planned unit development (PUD) established according to the provisions of this section may depart from the strict application of use, setback, parking requirements, and other requirements of standard zoning districts. A PUD shall be consistent with the overall planning and development goals and objectives of the city as reflected by the City of Stuart Comprehensive Plan. A primary purpose of this section is to provide a set of zoning requirements as a starting point from ~~standards by~~ which such flexibility may be accomplished while maintaining and protecting the public health, safety and welfare of the citizens.

A second purpose of this section is to establish a ~~more complete~~ resilient living and working environment through the application of enlightened and imaginative approaches to community planning, stormwater infrastructure and property design. A PUD should provide a variety of natural features and scenic areas, efficient and economical land use, improved amenities, orderly and economical development and the protection of adjacent existing and future development. Therefore, the PUD alternative may allow uses and design concepts which are not specifically allowed in standard zoning districts.

To the extent that any provisions of this section conflict with any other provisions of this Code, the provisions of this section shall prevail.

(Ord. No. 1877-02, § 2, 7-22-02)

B. *PUD defined.* A PUD may be an residential planned unit development (RPUD), an commercial planned unit development (CPUD), an mixed-use planned unit development (MXPUD), and industrial planned unit development (IPUD), an urban planned unit development (UPUD), or an public service planned unit development (PSPUD). A PUD shall consist of land under unified control which may be planned and developed as a whole as a single development operation or as an approved programmed series of development operations by multiple developers. A typical PUD will include principal and accessory uses and structures substantially related to the character of the development itself and to the surrounding area of which it is a part.

As used above, "unified control" means that all land to be included within a PUD shall be owned or otherwise under the legal control of the person or legal entity which has applied for PUD district zoning. Such person or entity shall be legally capable of providing a commitment to the city that the PUD development will comply with all PUD documents, plans, standards and conditions ultimately approved by the city.

A PUD district shall consist of the approved PUD classification and the regulations thereof set forth in this section 2.07.00, and as well as any other documents specifically included within the PUD ordinance adopted by the city commission. The ordinance approving a PUD shall be deemed a zoning ordinance. The provisions of the PUD zoning ordinance shall replace all conflicting development regulations set forth in this Code which would otherwise apply to the development site. The PUD ordinance shall be recorded in the public records of Martin County. The PUD applicant shall also execute a PUD agreement that incorporates the terms and conditions that are set forth in the PUD ordinance.

The applicant may proceed with development only after a plat, if required by the city commission, is recorded in the Martin County public records and after certification by the city development director that the construction plans and other required documents substantially conform to all documents approved as part of the PUD ordinance. The applicant must produce evidence that would bind his successors in title to any commitments made upon approval of PUD.

(Ord. No. 1777-01, § 1, 4-9-01; Ord. No. 1865-02, § 1, 6-24-02; Ord. No. 1877-02, § 2, 7-22-02; Ord. No. 2077-06, § 2, 7-10-06)
