Subject: Employee of the Month

The Public Works Department is once again proud to nominate a candidate for Employee of the Month who has demonstrated outstanding work efforts.

On August 13th the City was recognized by the Florida Water & Pollution Control Operators Association as the 2019 recipient for the Water "A" Safety Award and the 2019 recipient in Collections Category.

This recognition is a result of the City's ongoing commitment to providing our employees with a safe working environment through education and awareness.

Janine Wilde, the Public Works Department's Administrative Coordinator has been instrumental in the City's success by:

- Providing relevant weekly safety training topics.
- Developed and coordinating the Department's "Safety is Priceless" Program that has been recognized as a "model" program for other agencies.
- Critiquing all accidents and incidents to understand how the City can prevent/eliminate future occurrences.
- Tracks the success of the programs identified above and provides annual reports to the City Manager for review and comment.

Janine's work effort in the Public Works Department's Safety Programs can only be described as "outstanding" and is typical of her work efforts in all aspects of the Public Works Department.

In addition to coordinating all administrative functions of the City's largest Department, Janine has recently been instrumental in the preparation of the proposed 2019/2020 Public Works Department's Operating Budget, which by itself is further justification for this recognition.

I had the opportunity to interview and offer Janine a position in the Public Works Department that began in June of 2007. Not a day goes that her work efforts don't make this a better Department.

For these reasons mentioned above, we ask that Janine be recognized as the City of Stuart's Employee of the Month for August of 2019.
