RE: Plat Review # 2 (final) – SEASIDE

Dear Mr. Reetz:

As you requested, I have reviewed the above referenced plat for conformance with Florida Statutes Chapter 177 and City of Stuart Ordinance No. 1804-01 and Article IV Subdivisions. My review of this plat does not include verifying accuracy of legal descriptions, plat geometry, mathematical calculations or acreages shown on this plat.

Regarding my prior comments dated September 26, 2019:
The Permanent Reference Inspection was successfully completed on October 14, 2019.
The platting surveyor has agreed to add a dimension on lot 50 to the drainage easement.

I have no further comments related to this plat and I have no objection to final adoption at City Commission public hearing.
