8. Not less than 17.0% (1.10 acres) of the RPUD or shall be open space that may include landscaped buffer areas as depicted on the Master Site Plan by Lucido and Associates as described in Exhibit C.

Tree Mitigation

9. The project shall comply with project's tree mitigation plan, Sht. LA-5 by Lucido and Associates.

Prior to Issuance of Site Permits

10. Applicant shall provide a digital boundary survey and civil plan prior to the issuance of a site permit.

11. Civil Plans shall be reviewed and approved by all applicable City departments prior to the issuance of a site permit.

12. All regulatory agency permits, including but not limited to the South Florida Water Management District and Army Corp of Engineers, shall be obtained by the applicant and copies provided to the City prior to the commencement of any development activities.

13. All development activities shall comply with the City's Concurrency Management System prior to the issuance of building permits.

Development and Construction

14. The Developer shall construct the project's infrastructure in one phase and is required to control the sales of lots in blocks and will create a lot sales and construction plan which shall be provided to the City's Development Department for review and approval prior to application for the first building permit. The last building's townhouse unit shall obtain a certificate of occupancy by December 30, 2023.

15. The developer shall obtain a grading easement from the commercial development owner to the west (Stuart Landings) for the construction of drainage outfall piping near the connection to the manhole as currently shown on the plans.

16. The Developer shall install landscaping and gates at the development's entry as shown on the landscaping plan prior to the first certificate of occupancy for a residential unit. The entry gates shall be made operational with gate code coordination for accessibility by the City's Public Works Department for trash pickup and meter reading prior to issuance of the third certificate of occupancy.

17. The proposed cabana and pool landscaping shall be completed before the certificate of occupancy has been issued for the 10th residential unit or within 12 months from the start of any development activity.

18. The developer shall eradicate all invasive vegetation for the entire site to be completed and inspected prior the first building permit being issued.

19. The property owner shall provide easements for licensed television services. Preserve area easements shall be dedicated to state agencies with the City of Stuart having the option to have those same easements.

20. Water and Sewer Services shall be provided by Martin County Utilities. Additionally, the development shall use reclaimed water (Purple Pipe) for watering common areas and make available to individual lots if made available by Martin County.

21. The Developer shall provide a six-foot decorative aluminum fence acceptable to the Development Department at the project's entry up to the proposed swale.

22. In the event of any conflict in the provisions of Exhibit 'C' Development Conditions and attached exhibits, Exhibit 'C' shall prevail.

23. Prior to certificate of occupancy of the last building, the applicant shall provide an engineer's written confirmation attesting that the RPUD's storm water system is in place and functioning in compliance with all approved plans and specifications.

24. Erosion and dust control measures to be implemented during construction shall be provided on the civil plans and submitted during site permit review. Water trucks shall be provided by the applicant as necessary during construction in order to reduce dust generated on-site.

25. All utility improvements constructed by the developer within City's right-of-way, shall be constructed in a manner and form acceptable to the City Public Works department.

26. The developer shall provide both transponders and individual gate access codes for Public Works sanitation pickup.
